

TRY IT

Code you can run. The chapter's lab notebook has the full version.

SET THE THRESHOLD

A small decision to make yourself, with costs. The answer follows in brackets.

WHERE THIS BREAKS

The honest limits of what the chapter just showed.

KEY IDEA

The one sentence to keep if you forget the rest.

GOING DEEPER

Optional maths. Skip it and nothing later depends on it.

WHY NOT ...?

A side box that answers the obvious objection in a few lines.

SYNTHETIC

Every Jev number comes from a mock model, and says so.
